

1. Now is the hour so holy
we hear the churchbells chime.
Sharing this magical moment,
We welcome Christmas time.

Sweet is the song the angels sing
Guiding us into the light
No matter what, we're not alone
A star is shining tonight

2. Our father who is in heaven
Watching from high above
His only Son is our saviour
Symbol of all our love.

3. They made their way to the manger
From distant land they came.
A newborn baby was sleeping.
Hallowed be His name
