

1. Something so wonderful is in my heart today
Seeing just how far we've come, Thanking God for what He's done
There is a well deep in my heart that overflows
Reminiscing through the years, overcoming doubt and fears
Our Spirit ascends reaching to the throne of glory.

Singing praises to the king

Chorus Come on let's celebrate and give God all the glory.
He is worthy of our praise!
Lets make a joyful noise to the rock of our salvation.
all creation sing his praises!

2. We want to share of joy with friends and family
Giving love that means so much, knowing that the Masters touch
Is the reflection of the Fathers love inside.
We must let the whole world know and to generations show:
The Gospel of Christ is the pow'r that give us salvation.

Out of darkness to the light.

Chorus Come on let's celebrate and give God all the glory.
He is worthy of our praise!
Lets make a joyful noise to the rock of our salvation.
all creation sing his praises

We celebrate the mystery: Christ abides in us the hope of glory
This is the kingdom's key.
We have triumphant victory
And the world will know us by our love
That set the captives free
