

1. I just need a faithful friend.
A solid rock where I can lean on
I will call upon my God
I will be still and let my God work it out yes.

My God is greater than anybody else!
My God! He is the Almighty!
My God is greater than anybody else!
Have your way in me! Have your way in me!

2. Lord, I want to shout out loud,
for being my strength so that I'm not weary.
I will call the highest name.
I will be still and let my God work it out yes!

My God is greater!
My God!
My God is greater!
Have your way in me! Have your way in me!

My God is greater than anybody else!
My God! My God!
My God is greater than anybody else!
Have your way in me! Have your way in me!
