

Looking to the future, waiting for tomorrow,  
what will come

Seeing children dying, hearing people lying

Things will have to change

I have seen more than I can bear

I know someone has got to care

You and I are the answer

We are here to declare

We are changing the world,

we are taking a stand,

we will walk hand in hand

We are changing the world,

we are sharing Gods love,

from the Heavens above

We will stay together, through the stormy weather,

come what may

In a world that's dying, we hear children crying

We will be the change

We have seen more than we can bear

We know someone has got to care

In a world that is dying

We are here to declare
